Austin Fire Department Historical Society and Museum Retiree Questionnaire

Please take a moment to fill out some information about your career so that the Fire Museum archives can provide a reference for family members and researchers about the history of the Austin Fire Department and its firefighters. We have been approached on a number of occasions about where and when a particular firefighter worked their career. Our goal is to create accurate and searchable files of names and pictures so that many years from now former firefighters can be easily and accurately identified. Feel free to document as much or as little information as you desire. Please list any additional comments on the back of this paper.
